CDIT TALENTLAB

A Specialized Workforce Innovation Center

Talent Connect Events

Integrates traditional job fairs with additional services like career advice and planning.

- Hybrid job fair and advisory platform
- Direct connection facilitation
- Partner position showcasing

Adaptive Career Navigation

Provides talent not directly employed by CDIT the ability for bi-annual career planning.

- Bi-annual career planning sessions
- Access to technical mentors
- Skills gap analysis

Tailored Development Blueprints

Customized plans designed to guide talent in professional growth, taking into account unique strengths.

- Personalized career roadmaps
- Strength-based development
- Milestone-based progression

Knowledge & Insight Amplification

Focuses on increasing breadth and depth of knowledge through research and analysis.

- Deep-dive subject matter research
- Complex concept exploration
- Continuous learning resources
